

# PLANESIGHT

## Aviation-Inspired Custom Safety Goggle

### PRODUCT DESCRIPTION

Remember that old classmate, Carol, who never wore her safety goggles? Even she would want to wear the PlaneSight Custom Fit Safety Goggles. Constructed from durable plastics and rubber seals, these goggles protect against chemical spills while remaining comfortable, lightweight, and stylish. Lenses and frames are tailored to fit the contours of the human face, while a standard headband attaches to these frames magnetically.

### PRODUCT FEATURES

- ◇ Comfortable custom fit protects against chemical splashes
- ◇ Two piece design allows lenses to be easily removed from headband
- ◇ Lightweight, durable construction
- ◇ Ventilation system keeps lenses from fogging
- ◇ Magnetically attached headband allows for easy removal
