

# CLIPLIGHT

## Headband Flashlight Holder

If you're a construction enthusiast in any way, this custom headband flashlight holder is the product for you. Fabricated from a sturdy acrylic mount and hand-stitched 3/4" elastic headband, this holder secures a small flashlight to the user's forehead so that tasks can be completed more easily in dark environments.

### Product Features

- ◇ Simple, elegant design
- ◇ Allows user to hold flashlight while still using both hands to work
- ◇ Stretchable headband allows for "one size fits all" design
- ◇ Sturdy clip attaches to existing flashlight
